

## WORKSHOP ON “THE KAYAKALP AND ITS PRACTICAL IMPLICATIONS”

*Kayakalp is an initiative introduced by the Indian government with the aim of promoting cleanliness, hygiene, and infection control practices in public health facilities, through which the government demonstrates its commitment to provide high-quality healthcare services for all. The ultimate goal of this workshop is to strengthen the knowledge regarding the “The Kayakalp and its practical implication” among the nurses.*

### WHO CAN PARTICIPATE??

Staff nurses working in any  
health care set up

LGB Regional Institute of Mental Health (LGBRIMH) is a premier mental health institute located in Tezpur, Assam, India. Established in 1876, it is one of the oldest mental health institutions in the country and specializes in the field of mental health education, research, and treatment. The institute aims to provide quality education and training to mental health professionals to address the growing need for mental healthcare in the region.
