

Need for the CNE

It is essential to have leadership quality and managerial skills in all the nurse leaders to inspire and guide the team towards desired goals. Effective leadership would help in better patient outcome, maintain high team morale and effective resolution of conflicts in the organization.

The target audiences for the CNE are the **nurse managers/ward sisters/nursing tutors**

Objectives

At the end of the workshop, the participants will be able to:

1. Enhance understanding about various leadership styles applicable to their practice.
2. Identify the challenges faced by the nurse leaders in their roles.
3. Appreciate the managerial competencies in themselves
4. Equip with the strategies to build up their managerial skills.

leadership qualities and
managerial skills: capacity
building for nurse
manager"

LGB REGIONAL INSTITUTE OF MENTAL HEALTH

About the Institute

The institute was established in the year 1876 and this year the institute is celebrating its glorious sesquicentennial year. Along with services rendering to the population from NE region and nearby states and countries, the institute runs numbers of PG, PhD and certificate courses in Mental health for human resource development. Also, the institute focuses on mental health research for evidence based care .

About the Department

The department started in the year 1998 for enhancing professional training and thereby augment manpower resources in the field of Psychiatric Nursing. The department is presently running three courses, i.e. Diploma in Psychiatric Nursing, M. Sc. Nursing (Psychiatric Nursing) and Ph. D. in Psychiatric Nursing.
